www.seon.com Part Number: 700-0145 R001

## Kit Contents

- Bracket, 6" Post  
660-0186
- Spacer, 13mm,  
665-0059
- 3x washers, #10  
610-0001
- 3x screws, #10-24x7/8  
600-0088
- Instruction Sheet  
700-0145 R001

## Installation Steps

1. Determine the location for mounting the camera. Cameras must be installed with the cabling running through the spacer and post, and inside the wall panels.
2. Using the base of the post as a template, lay out the drilling pattern.
3. Drill the screw (1/8") and cable (3/4") holes in the panel.
4. Thread the DVR cable from the panel hole through the post.
5. Using 3 of the screws provided with the SA camera, fasten the mounting post to the vehicle panel.
6. Draw the DVR cable through the spacer and connect to the camera cable.
7. Feed the cables back into the panel while fitting the spacer and camera base to the mounting post.
8. Using the screws and washers provided, attach the spacer and camera base to the mounting post.
9. Refer to the installation guide provided with the SA camera for further camera alignment and operation details.
